

PUBLIC NOTICE OF PROPOSED SOIL AND GROUNDWATER CLEANUP

In accordance with Arizona Administrative Code R18-12-264.01, the Arizona Department of Environmental Quality (ADEQ) is providing notice that a Corrective Action Plan (CAP), submitted by Mobil Oil Corporation (dba ExxonMobil Corporation), dated December 5, 2006, has been proposed for the remediation (i.e. cleanup) of soils and groundwater that have been contaminated with petroleum as a result of a leaking Underground Storage Tank (UST) system at the following facility:

**LUST No. 1907.01
Facility ID No. 0-007188
Maricopa County**

**Former Mobil 18-TCW
1602 North Central Avenue
Phoenix, Arizona 85004**

Soil Vapor Extraction/Ozone Sparging System

Existing soil and groundwater contamination at the referenced site will be remediated using an active soil vapor extraction and ozone sparging system. During soil vapor extraction, vapors are extracted from the contaminated soils beneath the site and treated above ground, as required by applicable laws. In ozone sparging, ozone gas is injected into contaminated groundwater to chemically oxidize the contaminants. To evaluate the effectiveness of the systems, periodic monitoring of contaminant levels will be required by ADEQ. Once contaminant levels decrease to below clean-up standards, the site may be eligible for closure.

A copy of the CAP is available for review during normal business hours at the ADEQ Records and Library Review Area, 1110 W. Washington Street, Ste. 140, Phoenix, Arizona 85007 and at the Burton Barr Central Library, 1221 North Central Avenue, Phoenix, Arizona 85004. ADEQ encourages public participation in UST corrective actions and welcomes comments on the proposed CAP. A public comment period is in effect from July 23, 2007 through August 29, 2007. Comments should be submitted in writing by August 29, 2007, to ADEQ/TPD Corrective Action Section, Attention: Pete Townsend, 1110 W. Washington Street, Phoenix, Arizona 85007. If sufficient public interest has been demonstrated during the public comment period, ADEQ will announce and hold a public meeting. ADEQ will respond to comments in writing, following the public comment period. For more information on this notice, please call Pete Townsend at (602) 771-4359 or (800) 234-5677, ext. 4359.
